AutoCAD was developed at the Open Systems Group. In 1999, it was purchased by Autodesk. Autodesk chose to sell only the CAD application, not the design tooling, so the business model is based on fees. The earliest version was the R11. In October, 2012, Autodesk announced the purchase of a subsidiary of Synrc called Agile3D, which specializes in 3D modeling software for architectural and mechanical design. In November 2014, Autodesk discontinued development of the product. The last version released was 2013 SP1. Since April 2016, the software is still available to purchase online from Autodesk, but the product is no longer supported. According to Autodesk, the "discont 5b5f913d15
