I have a list: list = ['a','b','c','d','e','f','g','h','i'] But I need to get a random element from the list. How can I do it using python 3.x? A: You can use random.sample (as @mplungjan mentioned) but... that returns a list, but you want an int from that list, so you can use random.choice: lst = ['a','b','c','d','e','f','
