### Elden Ring Features Key:

Innovative action RPG.  
Use your own wisdom and skill to save your world.  
Collect treasure, learn new special attacks and sell upgrades at neighborhood stores.

The game is taking place in a world called Malcalard, an open world fantasy setting where humans live and orcs can be seen. Fear and hatred shall be magnified, betrayal and bad friends shall be repaid, and fortunes shall be won and lost. The wise will be leading this world through the ultimate battle of strength to the meeting point of old towers in Malcalard, the Lands Between. To that end the release of a strong, bold hero is the only answer. The main protagonist:

- King Link: a young, ill-mannered, but a strong and courageous warrior.
- Princess Zelda: the cute and beautiful, but weak and inflexible royal bodyguard of the kingdom.
- Link's sister: Impa: an experienced general and trainer of horses.
- The 3DG world: a vast, 3D fantasy theme park where a great variety of adventures awaits you!

To be an adventurer, you need to protect the life of Link as well as taking action in the Lands

Between. If you want to become a hero in Malcalard, you have to use your own feet, brain and experience to save the world.

The oatmeal like texture is a typical feature of onigiri.

Although the meat used for this meal is quite different, the technique itself is the same as for meat onigiri. I hope
